Think about it. There's you bashing your head against the sides of your little pond. There's us carping on about not being able to find someone to fill our empty plaiçe. So we're lobbing a hook out. A bloody great hook with a bastard great worm on the end. Get your smackers

round it and we can promise an ocean of opportunity. Not to mention great pay scales. Haw haw. So there you go. Apply at www.thatjobadwiththefishinit.com
