Security Officers
See Everything

From £22,500 + benefits. Heathrow

As 'the face of Heathrow', our Security Team has to do a hugely important job as patiently and politely as possible. And that's not always easy when you're dealing with passengers of every kind, in every kind of mood, from all corners of the earth. You want to help everyone on their way while keeping an eye on anything out of place. You have to know when to be sensitive and when to be assertive. Safety is paramount, but good customer relations are vital too. It's a delicate balancing act and it calls for excellent people skills, a calm temperament and keen powers of observation. It could be an opportunity you've never considered before. Well think again, because the training's top class, the money's good and the benefits are fantastic. Plus, there's the constant buzz of Heathrow, the place where the world meets.
